

DALAAN

Dalaan explores linear rhythm, architectural depth, and layered tonal textures through a minimal and contemporary textile expression.

MINDS THAT CREATE , HEARTS THAT TUFT

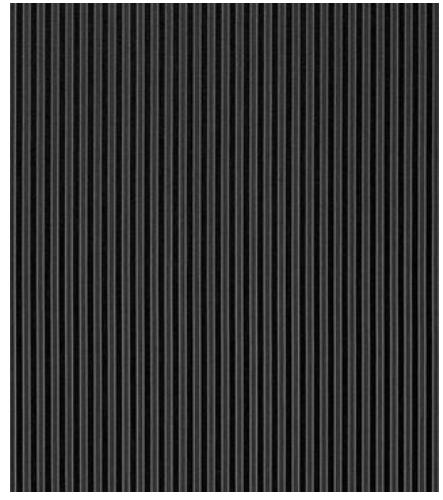

DALAAN

Dalaan is a textile collection inspired by repetitive architectural lines, corridor perspectives, and rhythmic structural patterns. The design features fine vertical textures and tonal gradients that create a sense of depth, movement, and continuity. The layered linear composition reflects the calm geometry and spatial rhythm found in traditional passageways and contemporary architectural forms.
