DRIP

Drip explores fluid textures, faded surfaces, and organic tonal movement through a raw and contemporary textile expression.

GAIA®

MINDS THAT CREATE , HEARTS THAT TUFT

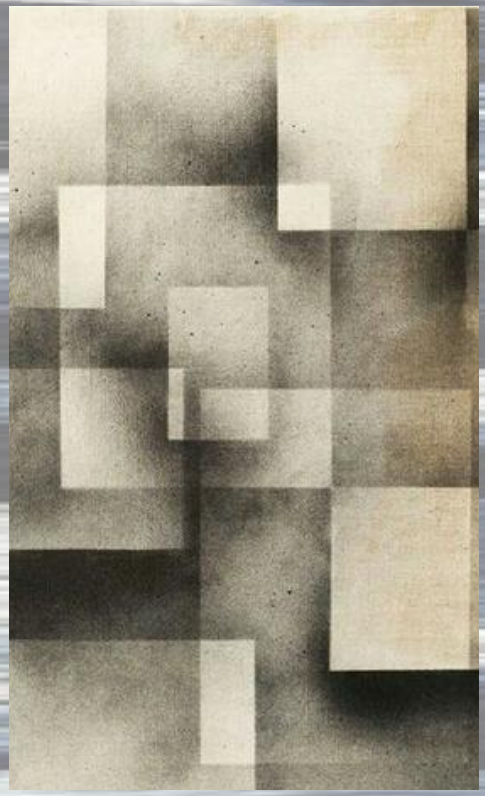

DRIP

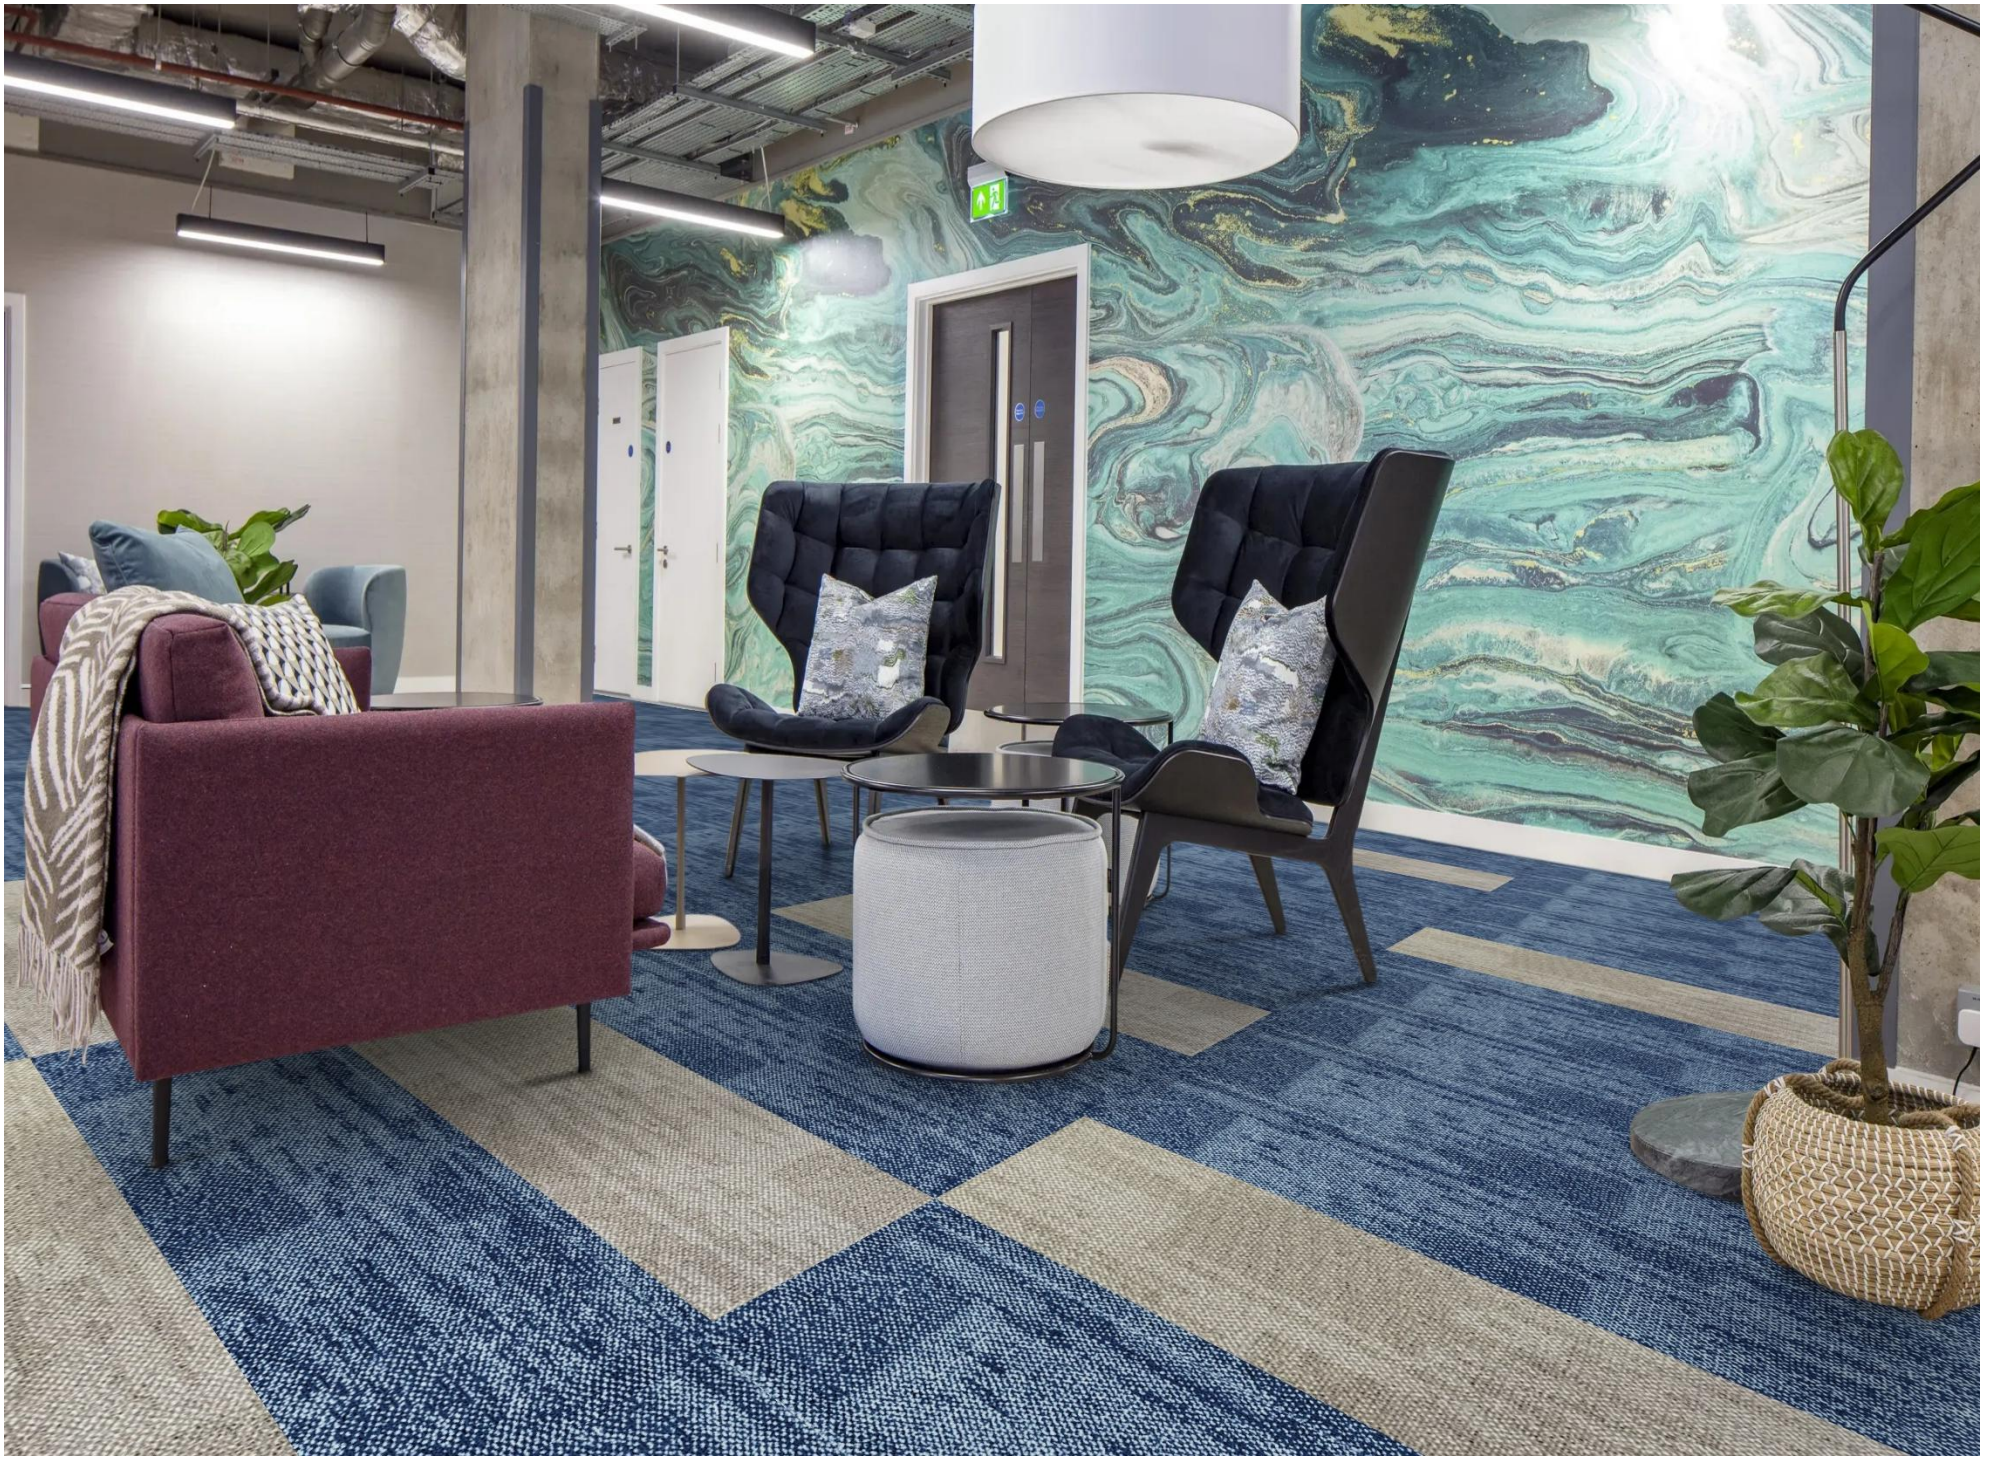

Drip is a textile collection inspired by fluid textures, weathered surfaces, and organic tonal transitions. The design combines blurred woven patterns, layered abstractions, and irregular fading to create a surface that feels raw, expressive, and atmospheric. The flowing texture and distressed detailing give the composition a sense of movement and depth.

Inspired by ink bleeds, water stains, aged concrete, oxidized metals, and natural erosion patterns, the collection transforms imperfect surface formations into a contemporary textile language that reflects fluidity, texture, and understated intensity.

PRODUCT SPECIFICATION

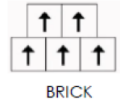

Style	DRIP
Gauge	1/12
Yarn	Olefin
Backing	E-Bitumen
Pile Weight	18OZ
Tile Weight	6mm
Size	25x100cm
Packing	20 pcs/Box (5sqm)

CARPET TILES ADVANTAGES

ASHLAR

BRICK

QUARTER TURN

CERTIFICATION
