GAIA®

MINDS THAT CREATE , HEARTS THAT TUFT

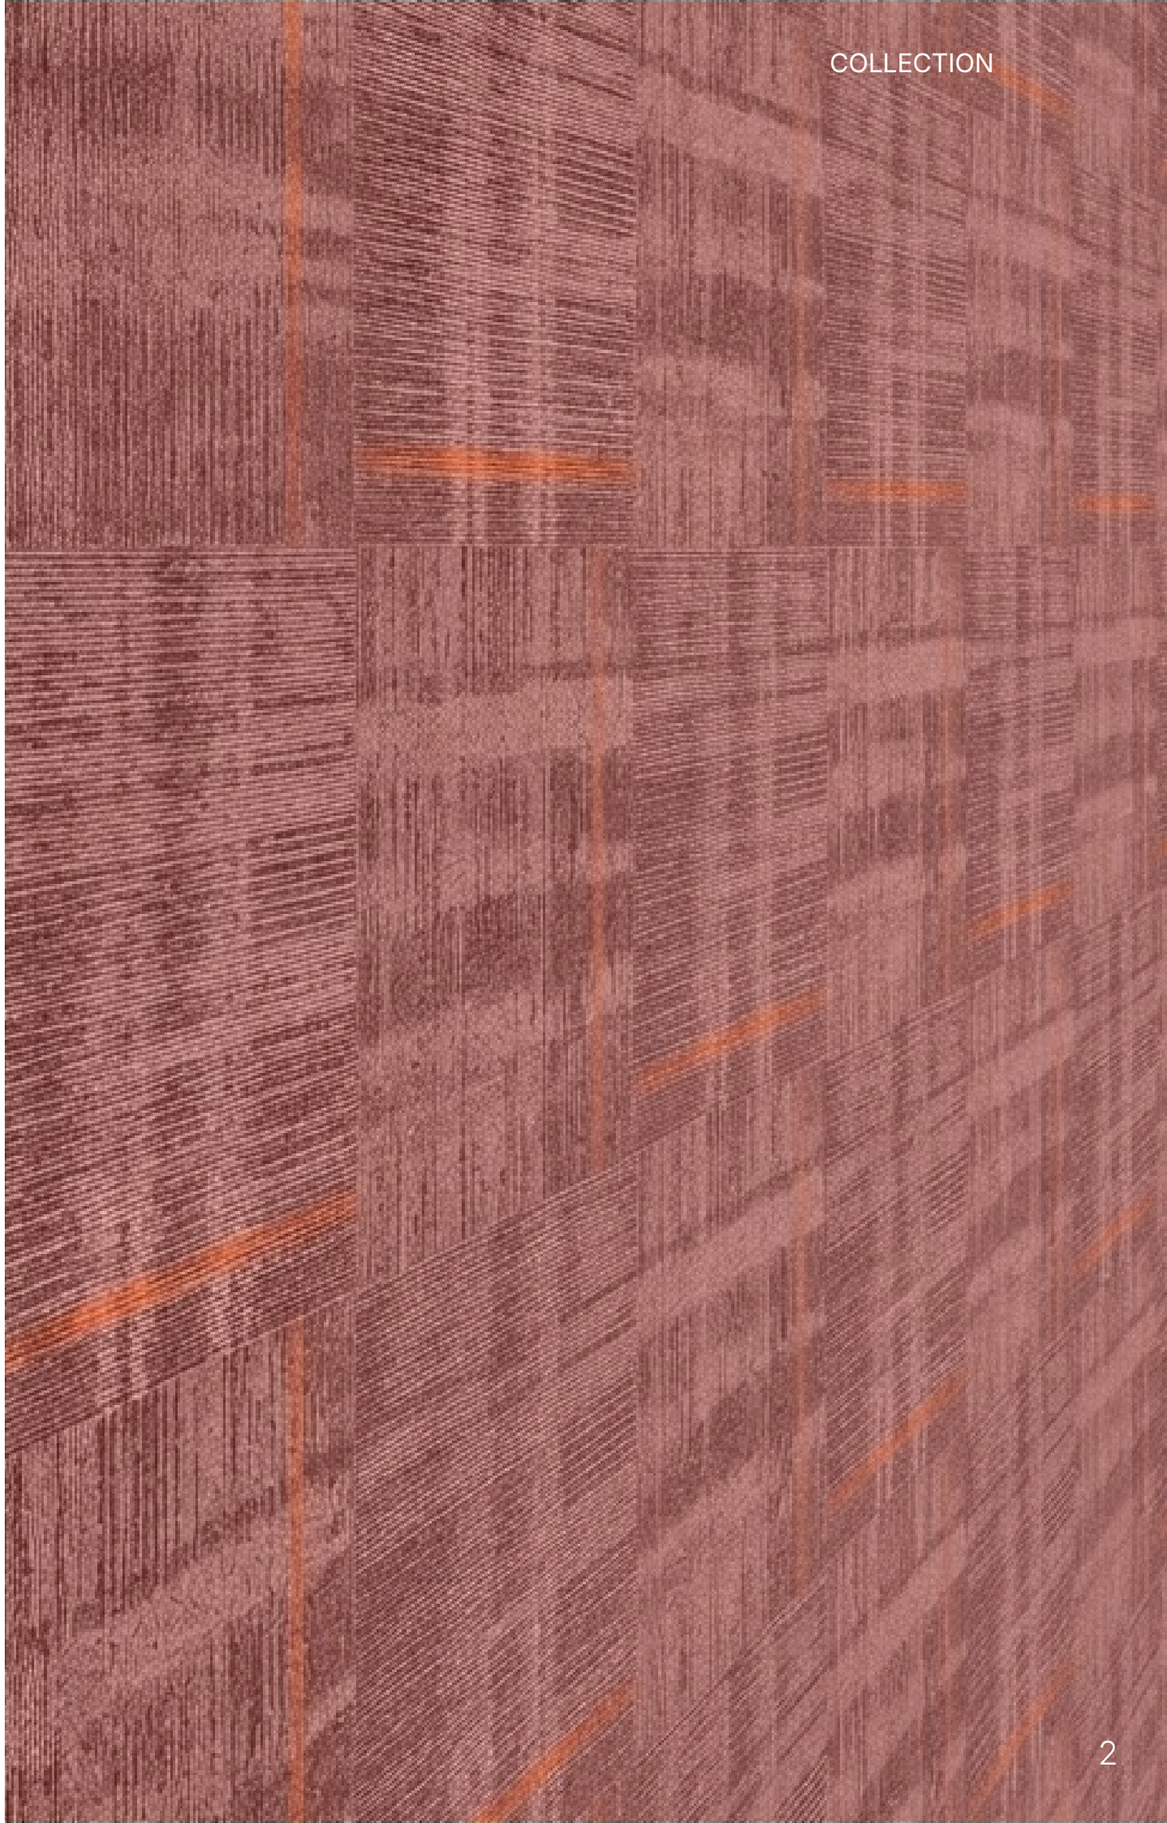

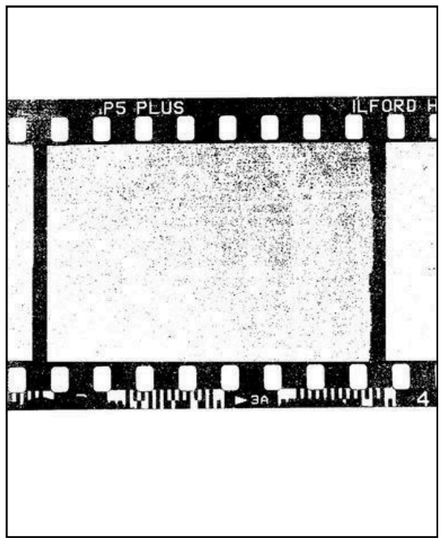

LEGACY

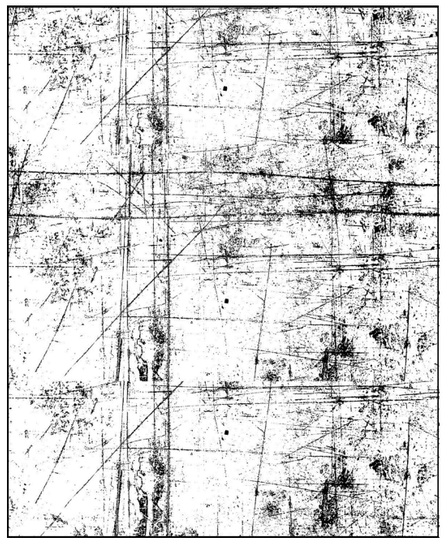

Legacy is a textile print collection inspired by the marks left behind through time, memory, and craftsmanship. The layered textures, faded surfaces, and linear details reflect weathered materials, aged textiles, and architectural remnants. The contrasting vertical accent symbolizes continuity a lasting thread connecting past and present.

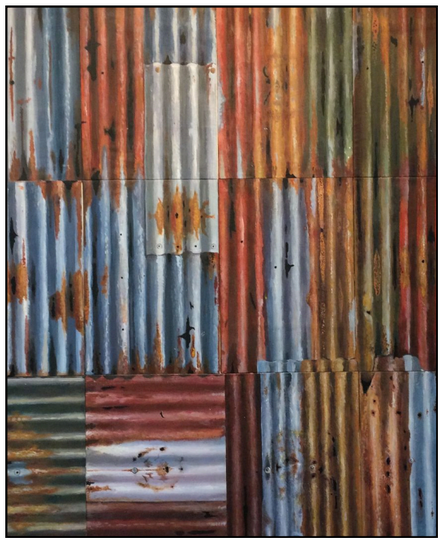

LEGACY

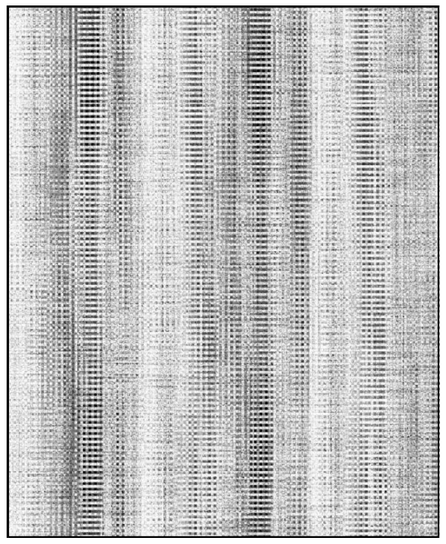

Legacy is a textile print collection influenced by the imprints of history, human touch, and timeless craft. The collection explores worn textures, softened surfaces, and structured lines inspired by aged fabrics, old architecture, and naturally weathered materials.
The subdued tones and layered details evoke a sense of depth and resilience, while the bold vertical highlight acts as a visual connection between tradition and modernity, symbolizing strength carried through generations.
