PINNACLE

Pinnacle is a textile collection inspired by layered terrains, abstract natural textures, and weathered surface formations. The design combines fragmented tonal forms, vertical woven textures, and organic transitions to create a surface that feels grounded, raw, and contemporary. The irregular patterns and softened contrasts reflect the depth and movement found in eroded landscapes and natural formations.

Inspired by rocky surfaces, aerial land patterns, stone textures, and organic camouflage, the collection transforms nature’s imperfect markings into a refined modern textile expression.
